

WATERPROOF HAND SANDING SHEET 230x280MM

Applications

Wood

Metal

Paint

PVC

PROLINE GOLD

Product description

Proline GOLD waterproof sandpaper is a high quality abrasive paper that is ideal for sanding between coats, fine finishing or polishing metal, varnish and painted surfaces.

The silicon carbide mineral is bonded to its paper backing with waterproof resin, meaning that it can be used wet to reduce dust. If the paper becomes clogged, simply rinse it in clean water and re-use. The result is Proline GOLD waterproof sandpaper that gives an improved rate of cut, increased life, flexibility and a uniform, consistent finish.

Applicable for: wood, metal, paint, PVC.
