PROLINE GOLD

Product description

Use Agera Tools "Proline GOLD" sanding mesh disc for wall and ceiling sanding machines.

Proline Gold mesh disc are designed for use with drywall sanders. Made with sharp silicon carbide minerals for long-lasting performance. Features an open mesh cloth backing which reduces loading. Lasts 3 times longer than paper faced discs and does not have the issues with tearing that other similar discs have. Proline Gold sanding mesh is a multifunctional net sanding material. High performance and a longer lifespan in comparison with traditional abrasives does make it a cost effective solution.

Designed for dry sanding by machine or by hand, its true dust-free sanding characteristics result in a cleaner work environment, as well as a better surface finish. With Velcro-type fastening system for fast sheet changes.
