

DRYWALL SANDING MESH 115x280MM

Applications

Wood

Metal

Paint

PROLINE GOLD

Product description

Proline GOLD Drywall Sanding Screen, made with sharp silicon carbide mineral for long-lasting performance. Features an open mesh cloth backing which reduces loading and allows to use both sides.

The silicon carbide mineral is bonded to its cloth backing with waterproof resin, meaning that it can be used wet to reduce dust. If the screen becomes clogged, simply rinse it in clean water and re-use. The result is Proline GOLD sanding screen that gives an improved rate of cut, increased life, flexibility and a uniform, consistent finish.

Applicable for: wood, metal, paint.
